On board the launch Majidia

My dear Ahmed Mian

Thanks for you p.c. I am very glad to note that you have reached there safely. I was intersted in the detailed information of the spot you have been posted to. I hope you will find yourself quite comfortable and at ease there.

The members of my family are quite happy and doing well. I am also getting acclamatized to the unsuitable climate of Karachi. I have been able after much labour and search in securing a set of 2 rooms on the Bunder Road where I am shifting within a couple of days. I am trying to find out some suitable means of livelihood in a near future.

I expect you quite happy and in sound health. My love to your children. With regards.

Yours Affectionately

Akhlar
