

## Moseage from Mr. Asif Ali Zardari President Islamic Republic of Pakistan

On the occasion of Provincial Secrat-un-Nabi Conference held by Anjuman
Aasatizah Uloom-e-Islamia

I am pleased to learn that Anjuman Assatizah Uloom-e-Islamia Karachi has organized the 4th Annual Provincial Secretum Nabi Conference which will be participated by a large number of scholars, researchers, teachers and intellectuals from throughout the province. I wish to compliment the Anjuman and all those who have made the holding of this conference possible. I also wish to welcome all the participants who have come from different parts of the province.

The life and Secret of the Holy Prophet (PBUH) is a beacon light for humanity. Our salvation in this world and hereafter lies in following the teaching of the Holy Prophet (PBUH).

The theme of this year's Secrat Conference i.e. moderation and propagation is most appropriate as the country is faced with the greatest threat to its existence emanating from extremism and nultitancy. The fight against militancy and extremism is a long drawn battle. It can be fought by educating the youth and inculcating in them spirit of moderation and tolerance and banishing extremism and militancy from their thought process. The teachings of moderation as propagated by the Holy Prophet (PBUH) is a most potent tool to fight extremism.

I hope that the scholars and the participants in highlight the importance of moderation as tau Prophet (PBLH) as our tool to reform extra extremism.
