## Abstract

Haali occupies a special position in the history of Urdu literature. He was a poet, a critic, a teacher, a reformer and an impressive prose-writer. He was a close friend of Sir Syed Ahmad Khan. His work "Mad-o-Jazr Islam" which is commonly known as "Mussadas-e-Haali" was the most famous book of 20th century in Muslims of India during the British reign. It is said that this book was read everyday in every Muslims house of the country. For it contained the mistakes and the reasons due to Which Muslim Empire in India had a downfall. This book was used for upraising the morale of Muslims.

It really has a great contribution in history of Muslims of India who later made a political party, and ultimately became an independent state which is today called Pakistan. In the present article, writer has focussed on the role of Mussadas-e-Haali in the evolution of Islamic Thought in the sub-continent.
Key Words: Mussadas-e-Haali, Muslims of India , Downfall, Sub-Continent, Morale
